

# School Transformation Monitoring System

## Mobile Application - Privacy Policy

Last Modified: 6<sup>th</sup> August, 2019

STMS is a Government of Andhra Pradesh owned mobile application and currently managed by Commissioner of School Education, Government of Andhra Pradesh. As a responsible organization we esteem the privacy of the user and take utmost care of their personal information in this application. This document sheds some light on how we gather data and manage them; hence users are recommended to go through this document carefully. We presume that by installing this application, the users abide by the privacy policy.

### **Information collected while using the application:**

STMS mobile application collects only the IMEI number of the device when the user opens the application and starts using it. We collect IMEI number to keep an eye on what are the devices using this application and to keep updating the user regarding newer versions (i.e.: Version Control). As we persist in modifying the application by adding different futuristic technologies, the version control functionality makes sure that the user always uses the latest version of the application, so that he/she can get the best user experience.

### **Permissions used in the application:**

- ✓ Camera: This application captures the images of the school. For which accessing the camera of the device is inevitable.
- ✓ Internet: This application fetches different data from servers via internet, so the application has been given the permission to access internet.
- ✓ Video: The application captures video of the school, so the application has to be given the permission to access the video camera.
- ✓ Location: The application captures the location of the school and the location at which the photos are captured, so the application has been given permission to access the location.
- ✓ Storage: This application stores the captured video in the device storage, so the application has to be given the permission to access internal storage.

**Surveillance of Information:**

Collected information from user, i.e. IMEI number of the device is stored along with other information in a database and can be seen and handled by the competent authority. Here competent authority signifies personnel from CSE, Govt. of Andhra Pradesh. Except this we do not provide access to the user's personal information unless there is a legal compulsion to do so. Here we would like to inform that, neither CSE, Govt. of Andhra Pradesh nor the developers disclose, sell or do business with the personal data collected from user at any cost.

**Note to the user:**

Commissioner of School Education, Government of Andhra Pradesh preserves all rights to change and modify the privacy policy of this application at any point of time; therefore the users are highly recommended to keep on visiting our privacy policy regularly. If any user observes that this privacy policy lacks in credibility then he/she is requested to refrain from using the services of this application and uninstall this from their devices.
